T-EDGE - **Le Ciotole** - B6T48BI

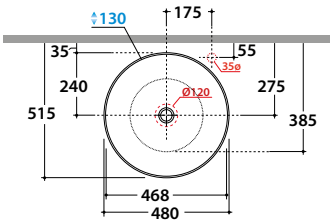

CE EN 14688:2006

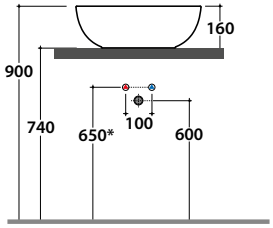

GLOBO
Inspired by **Life**

Cod. **B6T48BI**

Basin Ø 48 h16 cm. Sit-on installation. Weight 9 Kg

* For taps mounted on counter top

It can be combined with furniture

BATAFORM®

Le Pietre

CERASLIDE®

GLOBOTHIN®

Cod. **FI024BI**

Valve drain with ceramic top for basins without overflow. Weight 0,5 Kg

Cod. **FI024CR**

Chromed valve drain for basins without overflow. Weight 0,5 Kg

CE EN 14688:2006

DOP N° L001-01

GLOBOTHIN®

It is a new and exclusive ceramic mixture that allows to produce wash basins with only 6 mm thin edges, without affecting the product stability and geometry

CERASLIDE®

Is the result of years of research, on the glazes and the ceramic application, that ensures more protection, more resistance and ease of cleaning. The careful control of temperatures in the various cooking stages, in a cycle that can last up to 26 hours, ensures perfect homogeneity of the product during the sintering process, reducing porosity and guaranteeing greater resistance against stains, dirt and abrasions.

BATAFORM®

The antibacterial bataform treatment was developed to ensure deeper hygiene, basing its effectiveness on the reaction of silver ions, which inhibit the proliferation of bacteria. tests carried out by certified laboratories, according to the uni4543 standard, have confirmed a drastic decrease in the presence of bacteria, without however altering the glossy glaze. for cleaning operations, follow the recommendations given for the ceraslide glaze.
